# S-310 SC

## THE SOLARA S-310 SC

MADE  
IN USA

All new for 2024, the Solara S-310 Sport Coupe takes entertainment and adventure to an entirely new level. This feature-rich 31' coupe is designed to play, host, stay, fish and more. It's built upon our advanced double-stepped deep-V hull with laminar flow interrupters and powered by twin Yamaha F300 outboards. True to the Solara Standard, the S-310 SC is loaded with premium features as standard. State-of-the-art electronics include twin Garmin 8612 chartplotters, Bluetooth enabled Fusion stereo system, auto-leveling Lenco trim tabs, bow and stern cameras, and Helm Master level 3 autopilot, all as standard equipment. Premium Lithium (LiFePO4) house batteries provide extended power while away from the dock.

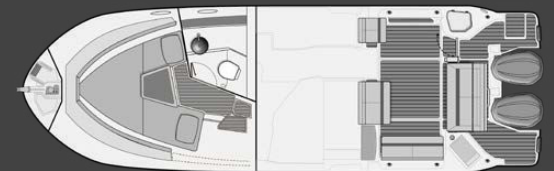

To say the S-310 SC is a master of entertainment is an understatement. Three distinct on-deck social spaces and sleeping accommodations below make this sport coupe beyond ready for all-day fun. The large cockpit features seating for 6, including our fold out seats and two versatile lounges. The convertible sunset lounge can face both forward and aft, and the transforming dinette backrest flips to become a spacious lounge. In the open and airy cabin of the S-310 SC lies a full galley with ample storage, an L-shaped dinette, LED edge lighting, lighted speakers, and a wide opening sunroof.

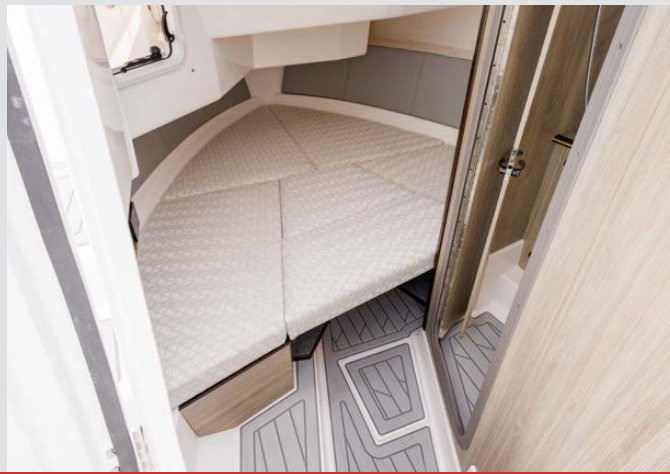

The Helm of the S-310 SC is a true command center featuring twin chartplotters, autopilot panel, and accessory switches, all within easy reach. Inlaid, red-woven carbon fiber adds a premium touch to the switch panel. A port-side walkthrough allows convenient access to the spacious bow lounge. Standard bow and stern sunshades keep guests shaded on the hottest of days. Belowdecks, a climate-controlled forward stateroom and head with shower are perfect for overnighting and long stays alike.

Avid sportsmen will be ready for action with a full suite of fishing features including gunwale mounted rod holders, a livewell, raw-water washdown, and available outriggers. Included EVA traction decking adds a durable and comfortable non-skid surface throughout. From a calm morning cruise, an afternoon on the sandbar, or a lively evening cruise, lights on and stereo blazing, the S-310 SC is ready for any adventure.
